Notes to Condensed Interim Consolidated Financial Statements

For the three months ended December 31, 2024 and 2023

(in thousands of Canadian dollars, except per share data) (Unaudited)

1. Nature of operations

BluMetric Environmental Inc. (the Company) is an integrated product and service organization providing sustainable solutions to complex environmental issues in Canada, the United States and abroad. The Company serves customers in many industrial sectors, and at all levels of government, both domestically and internationally.

The Company focuses on environmental earth sciences and engineering, contaminated site remediation, water resource management, industrial hygiene, occupational health and safety, water and wastewater design-build and pre-engineered solutions.

The head office of the Company is located at 1682 Woodward Drive Ottawa, Ontario, Canada K2C 3R8. The Company's common shares are listed on the Toronto Venture Exchange under the symbol BLM and on OTCQX Markets Group under the symbol BLMWF

2. Basis of presentation

Statement of compliance

These condensed interim consolidated financial statements have been prepared in compliance with International Accounting Standard 34 Interim Financial Reporting ("IAS 34"). These condensed interim consolidated financial statements do not contain all the information and disclosures required for annual financial statements and should be read in conjunction with the annual audited consolidated financial statements of the Company for the year ended September 30, 2024, which have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board (IASB) and the interpretations of the IFRS Interpretations Committee.

Authorization of financial statements

The condensed interim financial statements were approved and authorized for issue by the Board of Directors on February 26, 2025.

Functional currency and foreign currency translation

The Company's condensed interim consolidated financial statements are presented in Canadian dollars. Balances included in the condensed interim consolidated financial statements are measured using the currency of the primary economic environment in which the entity operates (the "functional currency").

The functional currency of BluMetric Environmental Inc. is the Canadian dollar and the functional currency of Gemini Water LLC is the American dollar.

The financial statements of operations that have a functional currency different than the presentation currency of the Company are translated using the rate in effect at the consolidated statement of financial position date for assets and liabilities and the average daily exchange rates during the period for revenues and expenses. Exchange differences arising, if any, are recognized in other comprehensive income and accumulated in equity under the heading of exchange differences on translation of foreign operations.

BluMetric Environmental Inc.

Notes to Condensed Interim Consolidated Financial Statements

For the three months ended December 31, 2024 and 2023

(in thousands of Canadian dollars, except per share data) (Unaudited)

Basis of measurement

The condensed interim consolidated financial statements have been prepared on the historical cost basis.

Basis of consolidation

The condensed interim consolidated financial statements include the accounts of the BluMetric Environmental Inc. and its wholly owned US domiciled subsidiary Gemini Water LLC.

The subsidiary is fully consolidated from the date of acquisition, which is the date the Company obtains control, and will continue to be consolidated until the date that this control ceases. All intercompany balances and transactions are eliminated in consolidation.

Critical accounting judgments and estimates

The preparation of these condensed interim financial statements requires management to make judgments, estimates, and assumptions that affect the reported amounts of the Company's assets, liabilities, revenue, and expenses during the reporting period presented. The significant judgments made by management when applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Company's September 30, 2024 annual financial statements.

Standards, amendments and interpretations adopted in the current year

At the date of authorization of these unaudited condensed interim consolidated financial statements, the following new standards, amendments, and interpretations to existing standards were required to be and have been adopted by the Company. There was no material impact from adoption of these standards, amendments, and interpretations on these unaudited condensed interim financial statements.

IFRS 7 Financial Instruments: Disclosures and IAS 7 Statement of Cash Flows (Amendments) - In May 2023, the International Accounting Standards Board (IASB) issued disclosure-only amendments to IFRS 7 Financial Instruments: Disclosures and IAS 7 Statement of Cash Flows. The amendments require entities to disclose sufficient information necessary for users of financial statements to understand the effects of supplier finance arrangements on an entity's liabilities and cash flows, as well as on its liquidity risk and risk management. The amendments are effective for annual periods beginning on or after January 1, 2024, with earlier adoption permitted. The Company has determined that there will be no material effect on the Company's consolidated financial statements as a result of adopting this amendment.

3. Summary of significant accounting policies

With the exception of adapting an accounting policy note for cash and cash equivalents (see below), the accounting policies set out in the Company's most recent annual consolidated financial statements have been applied consistently to all periods presented in these condensed interim consolidated financial statements. As such, these condensed interim consolidated financial statements should be read in conjunction with the annual financial statements and related note disclosures for the year ended September 30, 2024, except for cash and cash equivalents.

For leases entered during the period ending December 31, 2024, lease liabilities are discounted using the Company's incremental borrowing rate at the lease commencement date for each lease and had rates ranging from 2.99% to 8.45% (2023: 2.99% to 8.45%).

The Company leases buildings for its office spaces across Canada and the United States. Lease terms range from one to ten years. To provide operational flexibility, the Company seeks to include extension or termination options in its leases. At the commencement of a lease, the Company assesses whether it is reasonably certain it will exercise the lease extension option (or not exercise a termination option). The Company reassesses this when a significant event or significant change in circumstances within the Company's control has occurred.

The Company leases vehicle and equipment with terms of three to five years. These leases do not usually contain extension options, purchase options, or residual value guarantees. The Company also leases IT equipment and other equipment with terms of one to five years. These leases are generally short-term or for low-value assets that the Company has elected not to recognize in right-of-use assets and lease liabilities.

On April 20, 2021, the Company entered into a letter of agreement with its bank for a \$2.0 million term loan. The term loan has a closed four-year term and carries an interest rate of 3.28% per annum with monthly blended payments of \$45 commencing May 31, 2021. This term loan matures April 30, 2025 and is carried at amortized cost.

10. Shareholders' equity

Share capital

On December 13, 2024, the Company issued by way of a brokered private placement and concurrent non-brokered private placement 5,000,000 common shares with gross proceeds of \$4,000, cash expenditures of \$615, inclusive of \$211 related to compensation of key management for services provided, for net proceeds of \$3,385. Cash commission in the amount of \$210 and 262,500 broker warrants were issued to the Agent who brokered the private placement. Each broker warrant entitles the holder to acquire one common share of the

14. Segmented disclosure

As a result of the acquisition of Gemini Water, LLC, in the first quarter of fiscal 2025 the Company implemented an organizational realignment. As a result of this realignment, the Company has re-evaluated its segment financial reporting structure and has two financial reporting segments: i) environmental earth sciences and engineering, contaminated site remediation, water resource management, industrial hygiene, occupational health and safety ("Professional Services") and ii) water and wastewater design-build and pre-engineered solutions ("WaterTech").

Before the organizational realignment, the Company was operating under a single reporting segment.

The chief operating decision maker is (collectively) the Chief Executive Officer, the Chief Financial Officer and the Board of Directors. Performance is evaluated by the chief operating decision maker based on earnings before administrative expenses.

The following is a measure of profit or loss for each reportable segment as used by the chief operating decision maker. Selling and general expenses are not readily available by financial reporting segment for the three months ended December 31, 2023.

15. Revenue

Disaggregation of revenue

Revenue is disaggregated by customer sector and contract type, since it best depicts how the nature, timing and uncertainty of revenue and cash flows are affected by economic factors.

Revenue from contracts with customers is disaggregated as follows:

	For the three months ended		
	December 31, 2024		
	\$		
	Fixed price	Time and	Total
	\$	materials	\$
		\$	
Commercial and industrial	6,332	2,266	8,598
Government	882	1,236	2,118
Military	261	1,621	1,882
Mining	264	1,105	1,369
	7,739	6,228	13,967
	December 31, 2023		
	\$		
	Fixed price	Time and	Total
	\$	materials	\$
		\$	
Commercial and industrial	701	1,806	2,507
Government	706	1,547	2,253
Military	609	1,562	2,171
Mining	321	1,272	1,593
	2,337	6,187	8,524

Revenue from the vast majority of the Company's contracts is recognized over time because of the continuous transfer of control to the customer. For the three months ended December 31, 2024, \$817 or 6% (2023 – \$864 or 10%) was recognized at a point in time.

16. Related party transactions

Compensation of key management personnel

The remuneration of key management personnel, including directors, during the period was as follows:

	For the three months ended	
	December 31, 2024 \$	December 31, 2023 \$
Salaries	453	356
Short-term benefits	63	23
Share-based compensation	149	30
	665	409

17. Liquidity risk

Liquidity risk is the risk the Company may not be able to meet its financial obligations as they come due. The Company currently settles all of its financial obligations out of cash and its operating demand loan facility. The ability to do so relies on the Company collecting its accounts receivable in a timely manner and by maintaining sufficient cash in excess of anticipated needs. The Company has a working capital of \$9,253 (September 30, 2024 - \$5,462).

As at December 31, 2024, the Company had the following balances available on its credit facilities: operating demand loan – \$1,219 (September 30, 2024 – \$505).

As at December 31, 2024, the Company had approximately \$7,900 (September 30, 2024 - \$4,200) in availability between its operating line and cash balances.
